1	front lamp;
2	headlight;
3	special sign lantern (only for UAZ-3962);
4	heater fan electric motor (only for UAZ-3962, UAZ-2206);
5	sensor of the signal lamp of the emergency state of the hydraulic drive of brakes;
	sound signal;
7	side turn signal repeater;
8	reversible headlamp (only for UAZ – 3962);
9	headlight switch;
10	cabin lighting plafond;
11	signal lamp for turning on the parking brake system;
12	parking brake warning light switch;
13	wiper motor;
14	wiper and washer motor switch;
15	speedometer;
16	signal lamp for turning on the high beam headlights;
17	voltmeter;
18	oil pressure indicator;
19	warning lamp for emergency oil pressure;
20	coolant temperature gauge in the engine block;
21	warning lamp for emergency overheating of the coolant in the radiator;
22	fuel level indicator;
23	washer motor;
24	alarm switch;
25	signal lamp for direction indicators;
26	warning lamp for the emergency state of the hydraulic drive of the brake system;
27	ignition switch;
28	central light switch;
29	thermal fuse;
30	heater resistance;
31	heater fan motor switch;
32	headlight switch;
33	rear fog lamp switch;
34	fuse box;
35	plug socket;
36	unbalance solenoid valve;
37	turn signal switch;
_	horn button;
	oil pressure warning light sensor;
40	sensor for the warning lamp for emergency overheating of the coolant in the radiator;
	oil pressure gauge sensor;
-	coolant temperature gauge sensor in the cylinder block;
43	turn signal interrupter;

44 heater fuse (only for UAZ-3962, UAZ-2206); 45 heater fan motor switch (only for UAZ-3962, UAZ-2206); 46 resistance of the heater fan motor switch (only for UAZ-3962, UAZ-2206); 47 heater fan electric motor (only for UAZ-3962, UAZ-2206); 48 generator; 49 spark plug; 50 sensor-distributor; 51 ignition coil; 52 power switch; 53 rechargeable battery; 54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light; 72 trailer socket		
resistance of the heater fan motor switch (only for UAZ-3962, UAZ-2206); heater fan electric motor (only for UAZ-3962, UAZ-2206); generator; spark plug; sensor-distributor; ignition coil; power switch; srechargeable battery; light switch; plug socket (only for UAZ-3962, UAZ-2206); plafond; transistor switch; emergency vibrator; electronic control unit for the carburetor; microswitch; additional resistance; additional starter relay; solenoid valve; starter; fuel level indicator sensor in the tank; brake signal switch; reversing light switch; energe plate light; reversing light; reversing light;	44	heater fuse (only for UAZ-3962, UAZ-2206);
47 heater fan electric motor (only for UAZ-3962, UAZ-2206); 48 generator; 49 spark plug; 50 sensor-distributor; 51 ignition coil; 52 power switch; 53 rechargeable battery; 54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	45	heater fan motor switch (only for UAZ-3962, UAZ-2206);
48 generator; 49 spark plug; 50 sensor-distributor; 51 ignition coil; 52 power switch; 53 rechargeable battery; 54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	46	resistance of the heater fan motor switch (only for UAZ-3962, UAZ-2206);
49 spark plug; 50 sensor-distributor; 51 ignition coil; 52 power switch; 53 rechargeable battery; 54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	47	heater fan electric motor (only for UAZ-3962, UAZ-2206);
50 sensor-distributor; 51 ignition coil; 52 power switch; 53 rechargeable battery; 54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	48	generator;
51 ignition coil; 52 power switch; 53 rechargeable battery; 54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	49	spark plug;
52 power switch; 53 rechargeable battery; 54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	50	sensor-distributor;
53 rechargeable battery; 54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	51	ignition coil;
54 light switch; 55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	52	power switch;
55 plug socket (only for UAZ-3962, UAZ-2206); 56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	53	rechargeable battery;
56 plafond; 57 transistor switch; 58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	54	light switch;
transistor switch; semergency vibrator; electronic control unit for the carburetor; microswitch; additional resistance; additional starter relay; solenoid valve; fuel level indicator sensor in the tank; brake signal switch; reversing light switch; rear fog lamp; license plate light; reversing light;	55	plug socket (only for UAZ-3962, UAZ-2206);
58 emergency vibrator; 59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	56	plafond;
59 electronic control unit for the carburetor; 60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	57	transistor switch;
60 microswitch; 61 additional resistance; 62 additional starter relay; 63 solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	58	emergency vibrator;
additional resistance; additional starter relay; asolenoid valve; starter; fuel level indicator sensor in the tank; brake signal switch; reversing light switch; aback lamp; rear fog lamp; license plate light; reversing light;	59	electronic control unit for the carburetor;
 additional starter relay; solenoid valve; starter; fuel level indicator sensor in the tank; brake signal switch; reversing light switch; back lamp; rear fog lamp; license plate light; reversing light; 	60	microswitch;
solenoid valve; 64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	61	additional resistance;
64 starter; 65 fuel level indicator sensor in the tank; 66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	62	additional starter relay;
fuel level indicator sensor in the tank; fuel level indicator sensor in	63	solenoid valve;
66 brake signal switch; 67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	64	starter;
67 reversing light switch; 68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	65	fuel level indicator sensor in the tank;
68 back lamp; 69 rear fog lamp; 70 license plate light; 71 reversing light;	66	brake signal switch;
 69 rear fog lamp; 70 license plate light; 71 reversing light; 	67	reversing light switch;
70 license plate light; 71 reversing light;	68	back lamp;
71 reversing light;	69	rear fog lamp;
	70	license plate light;
72 trailer socket	71	reversing light;
	72	trailer socket
